@yeahbah: hehehe matagal ko na gusto ilagay into writing yung trades ko.. para me history ako ng mga kamalian ko... nung nasulat ko nga yun e I feel relieved sa pagpasok ko sa kanya. Parang na-reinforce yung entry ko ng baseless tactics ko :P

@sherwin: :laugh: Indicators look good naman e... IMHO. And part of my trading strategy is to trade those sub-\$20 stock and maybe a few sub-\$30. Basta lalagyan ko lang palagi ng trailing stop loss. hehehe
